

# Social Responsibility

## CONTRIBUTING TO THE COMMUNITY AND CARING FOR THE ENVIRONMENT.

With some support I can be part of a group.

I can participate in classroom and group activities to improve the classroom, school, community, or natural world.

I contribute to group activities that make my classroom, school, community, or natural world a better place.

I can identify how my actions and the actions of others affect my community.

I can analyze complex social or environmental issues from multiple perspectives. I can take thoughtful actions to influence positive, sustainable change.
